On 08/24/17 Chief Brown had Town Manager Gayle Corrigan sign a new No Trespass Order for Laurie Perry. Which indicates that Laurie is not allowed in any of the town's private offices unless she has an appointment. I called Bill Perry, Laurie's husband and advised him of the new order and that this is the only order that is active. Mr. Perry stated that he and his wife Laurie understood and asked that I email him a copy due to their not wishing to respond to the station to sign the order. I emailed the current order to Mr. Perry and then attached it to this report.
